Available Options

The Classic~

Stimulates circulation and relaxation through a broader focus on the complete muscle group.

MFR ~

Treats the entire myofascial body/mind complex by eliminating the pressure on the restricted system that causes the symptoms.

Jin Shin Do ~

Relaxes body/mind, reducing tension by using specific points on the body's energetic pathways.

Raindrop Technique ~

A powerful treatment layering more than 12 essential oils which supports the immune system and can reduce inflammation, relax spasms, and promote self healing.

Thai Massage ~

The ancient art of body therapy for healing, health, and transformation which utilizes an interactive manipulation of the body using passive stretching and gentle pressure along energy lines. Thai massage utilizes these movements to help adjust the skeletal structure, increase flexibility, relieve muscular and joint tension, stimulate internal organs, and balance the body's energy system.

Expectations...

As with any new experience, you probably have many questions about what to expect in your massage session. I want to know what you're needs are, so that we can address them and make this session a pleasant and successful one.

Modesty~

In your session you will be draped with a sheet. You may choose to be totally or partially unclothed under the drape. As each part of the body is being massaged, it is uncovered. Your privacy will be respected at all times.

Talking~

Talking during a session is optional. Some people prefer silence to enhance the relaxation process, while others prefer more social interaction. Remember, feedback at any time is very important whether requested or volunteered, and ensures the success of your session.

Oil or Cream ? ~

The choice is yours. A lubricant prevents chaffing or pulling of hair. Let me know of any allergies. A towel is available upon request to remove any excess lubricant.

Length of Session~

Massage sessions generally last from 1 hour to 1 ½ hours. The amount of time depends on the purpose of the session, my schedule, and the availability of your time and resources.
